

# Gonneville Project- Community Investment

---

## Application Form

Twice a year Chalice will invite submissions for its Community Investment Program. Each year the application and submission periods are as follows.

Grant applications open: 1 February  
Grant applications close: 30 March  
Successful grant applicants published: May

Grant applications open: 1 August  
Grant applications close: 30 September  
Successful grant applicants published: November

Where possible we request all applications be made online by completing our [Sponsorship Application Form](#) and sending it to [community@chaliceminming.com](mailto:community@chaliceminming.com).

### Who can Apply?

To be considered for funding, organisations will be required to meet the following criteria.

- « Are an incorporated not-for-profit organisation, government entity or educational institution.
- « Have an ABN (reflecting the organisation's incorporated not-for-profit status)
- « Have funded activities taking place within 12 months of the allocation of funding.
- « Organisations that have not already received funding from Chalice Mining for an existing initiative, within a 12-month investment period.

### What will not be supported.

Chalice will not consider funding requests:

- « That do not align with Chalice's core values.
- « That are retrospective in nature.
- « From individuals seeking support.
- « From profit businesses.
- « From programs located outside of Chalice's 'local communities'.
- « From organisations or individuals that promote activities that are discriminatory or offensive.
- « From any political or religious parties or government departments.
- « That is a duplicate of services already within the community.

Funding proponents must be able to meet Chalice's expectations of its partners including complying with laws and regulations such as applicable competition, consumer protection, environmental, employment, modern slavery, health, safety and welfare laws.

Note: Chalice will prioritise funding requests for programs that can demonstrate long-term value for the communities around the Gonneville Project in Western Australia.
